

### Our Curriculum

#### ◆ Introductory Class

This course introduces hands-on tailoring and sewing skills. The course places emphasis on the practical hands-on skills required to start you off to making bags.

- ∞ Bag Anatomy and Proportions
- ∞ Sewing Machines
- ∞ Fabrics and Materials

#### ◆ Design Class

This course introduces the learners to the fundamentals of fashion designing and pattern drafting techniques. Building upon this, the training will provide the participant a broad knowledge of Fashion in the following ways:

- ∞ Illustration: Sketch Style
- ∞ Principles of Design
- ∞ Complementarity of Colour: Colouring techniques
- ∞ Colour Combinations

#### ◆ Technical Class

This course teaches hands-on skills in areas related to making bags that complement the overall outlook of a bag and runs over a few weeks to quickly teach the skills required to produce fashion items. The technical class is about 'pattern making and measurements;

- ∞ Pattern Drafting
- ∞ Pattern Placement
- ∞ Pattern Layout and Techniques
- ∞ Pattern alterations
- ∞ Measurement
- ∞ Cutting Techniques

#### ◆ Production Class

The training will focus on advanced courses in Fashion planning and production for retail, building a Fashion (Bags) Brand, business skills and Couture sewing techniques amongst others.

- ∞ Bag Assembling Techniques
- ∞ Industrial Sewing Techniques
- ∞ Production Techniques
- ∞ Manufacturing Techniques

#### ◆ Electives

These courses are important supplementary courses and are taught to introduce the students to important aspects of structuring and growing their businesses. They include:

- ∞ Digital Marketing for small businesses
- ∞ Introduction to Entrepreneurship
- ∞ Environmental Mapping
- ∞ Pricing & Costing
- ∞ Basic book-keeping and Accounting
- ∞ Sourcing Raw materials.

Women, youth and persons with disabilities are encouraged to enrol.
